FINNISH DRY AGED BEEF

If you want to try a new kind of meat, we offer you a unique taste experience. Our Finnish dry aged beef comes from cattle grazing the beautiful fields of Finland. The breeding of the cattle and the dry ageing of the meat (for a minimum of 40 days), results in an intense flavour of beef with a firmness and sweetness that is unique to this kind of meat. Beef like in the old days.

The meat is 100 per cent natural and therefore the obvious choice for you if you appreciate flavour, quality, animal welfare and the environment.
